Dear Ms. Connelly:

Enclosed please find the binders of information that Susan Schroering discussed with you by phone on Tuesday, September 10, 1991. The information is relevant to the Resource Conservation and Recovery Act (RCRA) permit that Detrex Corporation is required to obtain in order to store spent halogenated solvents at its transfer station. It is very important that citizens in the area of Detrex Corporation have the opportunity to review the application materials submitted by the company and the draft permits proposed by the state and federal Environmental Protection Agencies.

The best place for citizens to begin review of the permit information is the black binder entitled Draft Permits and Related Materials. The other binders contain all the background information referenced in the draft permit. My name and phone number are listed in the black binder in case citizens have questions regarding this process. Written comments should be sent to me by Monday, November 11, 1991.

These binders should not be allowed to circulate since interested citizens might then be prevented from reviewing the materials during the 45 day comment period. At the end of the permit process (approximately 6-9 months) one of our staff members will pick up the informational binders unless you prefer to keep them.

I would appreciate it if you would complete the attached verification form and return it to me in the enclosed postage paid envelope. Thanks again for your cooperation in this effort.

Sincerely,

Mara McGinnis
